

**Exceptional People. Superior
Products. Worldwide Service.**

At PneumaticScaleAngelus, we're well known as one of the top global providers for the packaging and centrifugation industries. With over 100 years' experience, we offer more than just equipment; we provide skilled service with a people-centric approach. We are a proud member of the Barry-Wehmler family of companies, a \$1.7 billion global provider of capital equipment and service founded in 1885.

exceptional people.
superior products.
worldwide service.

PneumaticScaleAngelus maintains a major market position in the supply of fillers, cappers, can seamers, labelers, centrifuges and change parts for the pharmaceutical, personal care, food, beverage, canning and household products industries worldwide. The company's established presence in the marketplace includes custom-engineered product lines such as Mateer and Pneumatic Scale fillers; Pneumatic Scale, and Consolidated cappers; Angelus and Closetech seamers; Burt labelers; CARR Centritech centrifuges; onTrack orienter and wet case detectors; and Zepf change parts and storage solutions.

With the development of our global headquarters in Stow, Ohio, we are focused on continuous growth and a strong future. Additionally, we expanded operations internationally to better serve our customers worldwide. Our strength and commitment lies in our staff and their capability to provide unparalleled technology backed by industry leading service and support.

Through the "Excellence in Service" program, PneumaticScaleAngelus' Customer Service Team is readily available to support nearly 40,000 installed machines internationally. We focus on providing quality parts, equipment upgrades, reliable technical assistance, and field service for machines ranging from 1920s vintage double package makers to state-of-the-art filling technology and everything in between.

Since 1968, PneumaticScaleAngelus has been proud to provide Seamer Training School to help customers achieve the best performance and longest life from our equipment. During these classes, PMMI certified instructors provide hands-on instruction to customers. Our faculty has over 100 years of combined experience working with can seamers. By giving our customers the best training possible, we develop long-term rapport and nurture productive customer relationships.

At PneumaticScaleAngelus, our commitment to encouraging and developing the best in our team members is at the heart of everything we do. We live by the core values of trust, respect, teamwork, recognition, and personal development as set forth in our Guiding Principles of Leadership vision document. Our focus on continuous improvement is enhanced by our unique implementation of Lean principles, in our Living Legacy of Leadership. Barry-Wehmiller University, our corporate learning institute, offers opportunities for personal growth through classes in communications skills, leadership development, continuous improvement and service to others. With these initiatives, we aim to encourage and recognize the development of better spouses, parents, friends and citizens.

"PneumaticScaleAngelus has an historic legacy of outstanding technology and innovation serving a diverse customer base world-wide. Our culture of organizational values, associate empowerment, personal growth and purpose give our associates a profound sense of caring that results in outstanding customer service. We highly value our customer relationships, share in their success and strive to design and produce state-of-the-art equipment that will exceed their expectations."

*– Bill Morgan,
President/CEO*

PneumaticScaleAngelus is one of ten operating companies within the Barry-Wehmiller family, a leading supplier of engineering consulting and manufacturing technology across a broad spectrum of industries. With more than 8,000 team members spread among 100-plus locations around the globe, we remain united by a common belief: we can use the power of our business to build a better world.
